Ed/Lauris - just wanted to let you know that I was able to connect with Sharon Morgan earlier today in prep for the meeting later this month. Our conversation didn't get too detailed other than to highlight generally our concern about the DEC C&E program (lack of enforcement) and the need for us to talk openly about challenges and changes moving forward. I shared the attached meeting agenda with her just a moment ago. I also discussed the SRF DMA that I will also be sending her way later today.

Sharon - as I mentioned earlier today, attached is slightly modified agenda for the upcoming DEC-EPA meeting later this month. We took liberties to flesh out a few of the C&E sections of the agenda and added estimated times for discussion. We are obviously open to further changes. If you have any questions, please let me know. Rick and I are around this week to discuss if need be. Thanks
